The following explanation of vote was received and ordered printed in the Journal:

By Mr. Madison:

MR. SPEAKER: In voting in favor of the passage of Senate Bill No. 446, I desire to state that in view of the fact that this act takes effect immediately, I feel that it takes away property rights built up under sanction of law, and that in such an act, at least six months time or more should be given in order that the companies affected might have an opportunity to wind up their affairs.

I regret that the Assembly did not adopt my amendment, which put off the time of taking effect of the act until January 1, 1920

ROBERT MADISON

By Mr. Wickham:

MR. SPEAKER: I only regret that some time was not given the companies affected by the passage of the act to wind up or otherwise change their methods of doing business. I join in Mr. Madison's statement of explanation of his vote.

GEO. R. WICKHAM.

The boards of supervisors of the several counties of the state shall have general supervision over the roads within their respective counties. They must by proper order,

1. Cause to be surveyed, viewed, laid out, recorded, opened, and worked, such highways as are necessary to public convenience, as in this chapter provided.

2. Cause to be recorded as highways all highways which have become such by usage, dedication or abandonment to the public, or by any other means provided by law, and to prepare and record proper deeds and titles thereto.

3. Abolish or abandon such as are not necessary.

4. Acquire the right of way over private property for the use of public highways, and for that purpose require the district attorney to institute proceedings, under title seven, part three, of the Code of Civil Procedure, and to pay therefor from the general road fund or the district road fund of the county.

5. Levy a property tax for road purposes.

6. Cause to be erected and maintained, at the intersections and crossings of highways, guideposts, properly inscribed.

7. Cause the road tax collected each year to be apportioned to the several road districts entitled thereto, and kept by the county treasurer in separate funds.

8. Audit all claims on the funds set apart for highway purposes, and specify the fund, or funds, from which the whole or any part of any claim, or claims, must be paid.

9. In their discretion, they may provide for the establishment of gates on the public highways, in certain cases, to avoid the necessity of building road fences, and prescribe rules and regulations for closing the same, and penalties for violating said rules, *provided*, that the expense for the erection and maintenance of such gates shall in all cases be borne by the party or parties for whose immediate benefit the same shall be ordered.

10. For the purpose of sprinkling the roads in any part of the county with oil or water, the board of supervisors may erect and maintain waterworks and oil tanks and reservoirs and for such purposes may purchase or lease real or personal property. The costs of such waterworks, oil tanks and reservoirs and the sprinkling of said roads with oil or water may be charged to the general county fund, the general road fund, or the district fund of the district or districts benefited.

Whenever it is determined by a four-fifths vote of the board of supervisors of any county that the public convenience and necessity demand the acquisition or construction of a new road in excess of three miles in length or the grading, regrading, paving or macadamizing of any existing road, in excess of three miles in length, and that the cost of such new road when acquired and constructed, or the cost of grading, regrading, paving or macadamizing such existing road, will be too great to pay out of any of the road funds of the county, the board of supervisors may, by resolution passed by a four-fifths vote of said board, determine to acquire or construct such new road, or grade, or regrade, pave, or macadamize such existing road, and if the cost of such new road when constructed, or the cost of grading, regrading, paving or macadamizing such existing road, when completed, shall exceed three thousand dollars, such cost may be charged to the general county fund, the general road fund or the district fund of the district or districts benefited.

11. Whenever it shall be determined that any grading, graveling, macadamizing, ditching, sprinkling, or other work upon highways is necessary, and is to be done, and where the estimated cost of such work amounts to more than one thousand dollars, the board of supervisors must, by proper order, direct the county surveyor to make definite surveys of the proposed work, and to prepare profiles and cross-sections thereof, and to submit the same with the estimate of the amount or amounts of work to be done, and cost thereof, and with specifications thereof. Said report shall be prepared in duplicate, one copy to be filed in the surveyor's office, and the other to be filed with the clerk of the board of supervisors.

The board upon receipt of such report must advertise for bids for the performance of the work specified. Such advertisement for bids must be published prior to the day fixed for the opening of bids for at least once a week for a period of two weeks in a newspaper of general circulation printed and published in the county. Clerk of the board of supervisors of
the county of -----"

Bids must be inclosed in sealed envelope, addressed to the clerk of the board of supervisors, and must be indorsed, "Bids for -----," and must be delivered to said clerk prior to the hour specified in the advertisement. The board shall publicly open and read such bids as may be submitted, and must award the contract for the work to the lowest bidder; unless it shall appear to the board that the bids are too high, and the work can be done more cheaply by day labor, in which case the bids must be rejected, and the work ordered done by the road commissioner, or commissioners, in whose district or districts the work may be situated. In case the work shall be let by contract, monthly or quarterly payments may be made thereon upon the receipt of a certified estimate by the county surveyor of the amount of work done during the preceding month or quarter, to the extent of seventy-five per cent of the value of said work, the remaining twenty-five per cent being due on the completion of the work.

Upon the completion of the work, the county surveyor must examine the same, and if completed in accordance with the specifications thereof, he must submit to the board of supervisors a certificate over his signature and official seal to the effect that such work by the contractor therefor, has been completed in accordance with the specifications therefor, and recommending its acceptance. The board shall thereupon audit the same and direct its payment out of the proper fund or funds.

Whenever any county has adopted a county charter under article eleven, section seven and one-half of the constitution of the State of California, providing for the appointment of a road commissioner as a county officer, and the organization of a permanent road department for the construction and maintenance of highways and bridges, the board of supervisors of such county shall have charge of construction,

maintenance and repair of all highways and employ an engineer as road commissioner to have charge of the construction and the repairing and maintenance of all roads in such county, under the orders and direction of said board, and may employ such workmen and purchase such materials, equipment, tools and appliances as may be necessary to construct and maintain said roads and to keep them in repair, the cost of such construction, maintenance and repair to be paid out of the county road funds or the general fund of the county, as provided for by the law.

12. In their discretion, they may set apart on any public road or highway a strip of land for a side path, and make an order designating the width of such path and cause the lines separating the path from the road to be located and marked by stakes or posts, placed at such distances apart as they shall deem proper. After said paths have been set apart, and the lines separating the same from the road have been located and marked, as aforesaid, the use of the same is hereby restricted to pedestrians and riders of bicycles and other vehicles propelled solely by the power of the rider.

Expense of erecting and maintaining such path may be charged to the general county fund, the general road fund, and the district fund of the district or districts benefited.

13. The boards of supervisors of any county in the state may by and through an ordinance duly passed permit the use of any of its public highways connecting with any main public highway of an adjoining county by the board of supervisors or highway commissioners of such adjoining county, for the purpose of constructing and maintaining thereon a highway or boulevard serving the needs of residents of both counties, and the board of supervisors of any such adjoining county, if it accepts the provisions of the ordinance adopted by the board of supervisors of the county granting the use, shall have the power to construct and maintain any such highway or boulevard, or to construct or maintain such bridge or bridges on such highway or boulevard as it may deem necessary, or to macadamize, pave, curb or gutter such highway or boulevard in such manner as it may determine, and the cost or expense thereof shall be paid out of the general fund of the county treasury, or such other fund as the board of supervisors may designate, or which shall otherwise be provided, of the county to which the use is granted. The board of supervisors of any counties proceeding under the provisions of this act may acquire real property adjacent to such public highway in an adjoining county for county purposes, and may expend thereon such funds as said board of supervisors shall deem necessary for county purposes. The boards of supervisors of any counties proceeding under the provisions of this act may by mutual consent, expressed through ordinances of the respective boards, retransfer the use, control, maintenance and jurisdiction of any highway or boulevard constructed under the provisions hereof to the county originally granting the use.

Senate Concurrent Resolution No. 6—Relative to the education of our youth for service in the American Merchant Marine.

Concurrent resolution read, and on motion of Mr. Morris adopted

Title read and approved

Concurrent resolution ordered transmitted to the Senate.

SENATE CONCURRENT RESOLUTION No. 6.

Relative to the education of our youth for service in the American merchant marine.

WHEREAS, The growth and development of the American merchant marine prior to the civil war was without parallel in the history of commerce, our national maritime spirit was equal to every demand, American ships and American seamen were known in every port of the world, the United States was the mistress of the seas, manning her peerless clipper ships with her own sons and carrying more than ninety per cent of all national exports and imports in her own bottoms, and

WHEREAS, As the result of the civil war, the change from wood to iron, and our unpreparedness for that change either economically or politically, our country's proud merchant marine in a short period shrunk to only a shadow of her former self; and

WHEREAS, The events of the past few years have clearly proved that when national necessity sounded the clarion call to the sea our country, notwithstanding fifty dormant years, still had the necessary maritime genius and an abundance of the natural resources to found and maintain a great merchant marine; and

WHEREAS, History is emphatic in her teachings that no nation can ever hope to retain and successfully operate a great merchant marine without a virile national maritime spirit back of it, because a native seafaring population to man the ships has ever been as essential to national welfare as the ownership of vessels, for in the final analysis sea power is in the seamen, and

WHEREAS, The history of American seamanSHIP is a glowing record of patriotism, courage and achievement unsurpassed by any people anywhere, no other calling demands a higher mental and physical standard in the men employed, none has given better service to civilization and to humanity, no occupation has a right to higher consideration or greater honor, for none has given more important service in peace and war; now therefore be it

Resolved by the senate, the assembly concurring. That we respectfully urge upon our state board of education to so arrange for special courses in history, geography and commercial studies generally so as to instill in the minds of our young men the conviction that the destiny of California and the United States is inseparable from the sea; also to create the basis for a thorough nautical education, to awaken an interest in foreign trade and inspire a genuine appreciation of our unlimited opportunities upon the seven seas; and be it further

Resolved. That a copy of these resolutions be forthwith transmitted by the secretary of the Senate to the president of the state board of education and to the state superintendent of public schools.

Relative to the report of Adjutant General J. J. Borree showing the extensive participation of California high school cadets in the recent world's war and expressing legislative approval and appreciation of the splendid physical and military results obtained from military training in the high schools of California

WHEREAS, From reports furnished the adjutant general's office by the various high schools of the State of California, it is shown that from the month of September, 1911, when cadet training was first instituted in California high schools, to the month of September, 1917, one thousand six hundred fifty-five cadets completed their training; that of this number six hundred twenty-five cadets became of age up to and including September, 1918, that the reports further show that one thousand nine hundred six cadets entered the service during the war, indicating that a large percentage enlisted who were not yet twenty-one years of age and who had not yet completed their high school course; that the total number of cadets who had had training, or who were in training up to September 20, 1918, was seven thousand forty-five; that five thousand three hundred ninety of this number were then in the schools, and that a very large number of them were not old enough to enter the service, and it further appearing from said reports that there were one thousand four hundred sixty-five men from the cadets who entered the army, three hundred seventy-one who entered the navy, and sixty-one the marine corps, and that of this number, seventeen became ensigns in the navy, five entered West Point, four entered Annapolis, and there were commissioned in the United States army, one colonel, eleven captains, forty-three first lieutenants, one hundred thirty-seven second lieutenants, one hundred nine sergeants, eighty-nine corporals, or a total of two hundred eighteen commissioned officers and one hundred ninety-eight noncommissioned officers, that four hundred sixteen men or twenty-two per cent of the number of cadets entering our country's service, became officers; and

WHEREAS, Practically every boy who was old enough to enlist, that is eighteen years of age or over, entered the service, it demonstrates the physical value of military training, as nearly all of the cadets and former cadets who applied for admission to the service were accepted as being physically qualified and it further demonstrates the fact that military training given in the schools was of value to them as individuals as well as of great value to the nation; now, therefore be it

Resolved by the senate, the assembly concurring, That the legislature by resolution express its approval and appreciation of the splendid results obtained from military training in the high schools of California; and be it further

Resolved, That this body express to the schools of California its appreciation for the part they have played in providing for this military training, and that a copy of these resolutions be supplied to the adjutant general's office, with the request that the adjutant general by a circular letter inform all the schools of this action.

Resolved by the senate, the assembly concurring. That the legislature of the State of California at its regular session, commencing on the sixth day of January, 1919, two-thirds of the members elected to each of the two houses of the said legislature voting therefor, hereby proposes to the people of the State of California that the constitution of said state be amended by adding to article sixteen thereof a new section to be numbered two, reading as follows:

SEC. 2. Immediately upon the adoption of this section the state treasurer shall prepare forty thousand suitable bonds of the State of California in the denomination of one thousand dollars each, to be numbered from one to forty thousand inclusive, to bear a date not later than thirty days after said adoption and to bear interest at the rate of four and one-half per cent per annum from the date of said bonds, said interest to be payable on the third day of January and the third day of July of each and every year after the sale of said bonds, and said bonds to become due and payable in annual parcels of one thousand bonds, commencing July 3, 1926, and ending July 3, 1965.

The provisions of the act of the legislature approved May 20, 1915, known as the "state highways act of 1915," relative to the signing, countersigning, endorsing and sealing of the bonds thereon provided for and the interest coupons thereon, the place and method of payment of principal and interest thereon, the procedure for initiating, advertising and holding sales thereof, and the performance by the several state boards and officers of their respective duties in connection therewith as therein stated, and all other provisions, terms and conditions in said last-named act relating to the bonds therein mentioned, so far as the same shall be pertinent, shall be applicable to the preparation, issuance and sale of the bonds herein provided for, as herein contemplated.

Funds corresponding to those provided for in said act are hereby created, and payments into and out of the same shall be made as in said act provided, said funds to be designated respectively, "third state highway fund," "third state highway interest and sinking fund," "third state highway revolving fund," and "third state highway sinking fund", and the state treasurer shall on the first day of January, 1920, and on the first day of each July and the first day of each January thereafter transfer from the general fund to the "third state highway interest and sinking fund" and on the first day of July, 1926, and on the first day of July of each year thereafter, from the general fund to the "third state highway sinking fund," the required moneys as provided in section five of said act for the purposes therein stated but as applicable only to the bonds herein provided for and the interest thereon.

The moneys in said "third state highway fund" shall be used by the state department of engineering for the acquisition of rights of way for and the acquisition, construction and improvement of uncompleted portions of the system of state highways prescribed by the act of the legislature approved May 22, 1909, known as the "state highways act," and the act of the legislature approved May 20, 1915, and known as the "state highways act of 1915," and certain extensions thereof described in said last-named act, and also for the acquisition of the rights of way for and the acquisition, construction and improvement of the following additional highways as state highways: Barstow to Needles; Oxnard to San Juan Capistrano; Barstow to Mojave; Santa Maria to Bakersfield; Skyline boulevard San Francisco to Santa Cruz; Rio Vista to Fairfield; Auburn to Verdi; Ukiah to Tahoe City, Crescent City to Oregon line; Santa Rosa to Shellsville; Big Pine to Oasis; Placerville to Sportsman's Hall; Feather river route Oroville to Quincy; General Grant National Park to Kings river canyon; Calistoga to Lower Lake; Mecca to Blythe, Rumsey to Lower Lake; Azusa to Pine Flats in San Gabriel canyon; La Canada via Arroyo Seco to Mount Wilson road; Lancaster to Bailey's; Bakersfield via Walker's pass to Freeman; McDonald's to the mouth of the Navajo river; Carmel to San Simeon; Klamath river state highway bridge to coast state highway; Susanville to Nevada state line; Pacheco pass road into Hollister; Visalia to Sequoia Park line; Deep creek easterly via Bear Valley dam to the county road at Metcalf creek in the Angeles national forest; Orland to Chico; Tiburon to Alto; and county line near Michigan Bar via Huot's ranch to Drytown. All provisions of this section shall be self-executing and shall not require any legislative action in furtherance thereof, but this shall not prevent such legislative action; and all expenses that shall be incurred by the state treasurer in the preparation of bonds herein provided for and in the advertising and sale thereof and all expenses incurred by any officer in reference thereto shall be paid from the general fund of the state. Nothing in this constitution contained shall be a limitation upon the provisions of this section.

EXPLANATIONS OF VOTE.

The following explanations of vote were received, and ordered printed in the Journal:

By Mr. Hurley:

MR. SPEAKER: On the roll call for the passage of Senate Bill No. 660, I am recorded as voting "No." In order that no one may misconstrue my motive for doing so, I hereby enter into the Journal an explanation of my vote.

Senate Bill No. 660 is the so-called syndicalist and anti-I. W. W. bill. I consider that the language of the bill is ambiguous and indefinite, in that the terms of the bill are not sufficiently defined. I fear that some of our many employers in California who are opposed to organized labor may attempt to use the provisions of the law against the lawful conduct of strikes and boycotts conducted by the legitimate labor unions of this State, and inasmuch as labor has been made so many glowing promises as to what was going to be done for them after the war, and it now appears that any gains for labor must be made through their own efforts, I therefore feel that I would be a traitor to the workers of this State were I to vote for any measure that would add to their present heavy burden, and while I realize that I am sworn to legislate for all the people of California, and it might seem to some that Senate Bill No. 660 is a good law for the general public, I, nevertheless, feel that we have sufficient laws on our books at the present time to do everything which is claimed for this law, and I feel that the eagerness to enact this bill into law is solely for the purposes of carrying out a campaign slogan to stamp the I. W. W. out in California. Inasmuch as I have been unable to find out just who actually drew the bill, I am extremely skeptical about the bill.

Very respectfully,

EDGAR S. HURLEY,

Assemblyman for Thirty-eighth Assembly District, Oakland, Alameda County.

By Mr. Browne, M. B. :

I am compelled to vote against this bill, because I believe it may endanger the right of a political party to overthrow the party in power, and I believe it can be used to prevent public ownership of public utilities, because it will prevent propaganda against the existing order of government.

I yield to no man in my abhorrence of violence, sabotage or I. W. W.-ism, but I can not vote for any bill that in my judgment threatens any of the political rights of any citizen or political party.

MAURICE B. BROWNE.

By Mrs. Dorris:

In 1635 my ancestors came to America in order that they might have the right to believe as they chose, to teach as they chose, and to speak as they chose. After three centuries, there still lives in me the same belief in freedom of speech and thought.

I do not believe in destruction or violence of any kind. But neither do I believe that we can rid ourselves of the menace of sabotage by a return to the methods that drove our ancestors from their homes into the wilderness of an unknown land. I believe the only cure for I. W. W.-ism is a removal of the cause of I. W. W.-ism. When we have done away with oppression, there will be no need of suppression. When we have industrial democracy, as well as political democracy, I. W. W.-ism will vanish as the dew before the morning sun.

Such suppression as is contemplated in this bill will, in my opinion, not do away with I. W. W.-ism, but rather spread it.

GRACE S. DORRIS

By Mr. Morris:

I voted no for the reason that I conscientiously believe that the bill in its application is possible of a construction which in my opinion would adversely affect organized labor.

CLARENCE W. MORRIS

By Mr. Madison:

MR. SPEAKER: Believing that Senate Bill No. 660 was directed at legitimate labor organizations in order to hamper honest and conscientious labor movements and further believing that we have enough laws on our statutes to properly punish unlawful acts with reference to destruction of property, I feel that this is unnecessary and unwarranted legislation, and I therefore voted against the measure.

ROBERT MADISON.

SENATE CONCURRENT RESOLUTION No. 13

Relative to the recognition of Ella Sterling Mighels as first historian of literary California.

WHEREAS, In the sixties of the last century, when California was still young and unsettled and every energy seemed devoted to wresting the precious gold from its earthen receptacle, there came an outburst of literary glory whose flowering astonished the world and added new lustre to the fame of California; and

WHEREAS, The miners' tales of Bret Harte, the semititulating humor of Mark Twain, the sweet music of Ina Coolbrith, the pen paintings of Charles Warren Stoddard, the Sierran songs of Joaquin Miller, the scorching satire of Ambrose Bierce, have added lasting riches to the treasure-house of English literature; and

WHEREAS, The stirring epics of Frank Norris, the historic romances of Gertrude Atherton, the rugged stories of Jack London and the work of the fine array of present-day poets and prose writers have continued to uphold these first traditions of the golden age of California literature; and

WHEREAS, Recognizing the need for a worthy and undying record of this fertile output of literary wealth, Ella Sterling Mighels, by a labor of years and of love, has preserved in "The Story of the Files" the story of these great California writers and has supplemented this work in "Literary California" by giving choice extracts from their works; therefore, be it

Resolved by the senate of the State of California, the assembly thereof concurring, That Ella Sterling Mighels, in recognition of her unselfish service in thus preserving for posterity the historical record of these literary achievements, be and is hereby named and honored as first historian of literary California.

Concurrent resolution ordered transmitted to the Senate

SENATE CONCURRENT RESOLUTION No. 17.

Relative to special legislative committee for investigation of the finances of the state.

WHEREAS, The forty-third session of the California legislature finds the state facing a critical financial situation, due to the fact that revenues are insufficient to meet the legitimate demands arising especially from the educational and humanitarian departments of the commonwealth; and

WHEREAS, Appropriations absolutely essential to the support of state institutions as shown by the report of the budget board, together with the increases vital to the life of the elementary schools and the proper sustenance of the orphans thrown upon the charity of the state government, are of such proportions as to impair the surplus account of the state treasury to the extent that the amount carried in such fund as an insurance against catastrophes or other emergencies will be so small as to be dangerous; therefore, be it

Resolved, by the senate, the assembly concurring, That a legislative committee consisting of two members of the senate to be named by the president of the senate, and two members of the assembly to be named by the speaker of the assembly, be appointed to investigate during the coming two years, and to report to the legislature in the month of January, 1921, with recommendations as to action, on matters governing the subject of revenue and taxation in the State of California broadly outlined as follows, and on such additional lines as it may deem wise, as a result of its investigations.

1. As to increasing revenue as derived from present sources of taxation, having in mind the urgent need of equitable methods so that the burden of taxation will fall according to the benefits received, and particularly as to the burden between general property and corporation property

2. The uncovering of sources of revenue now taxable but escaping taxation, if any there be.

3. As to the taxation of general property (a) as needed to provide further and necessary revenue for the support of the state government, and (b) the wisdom of such taxation aside from a strictly revenue point of view, in order that the people may feel the burden of the cost of state government directly.

4. As to the burden of taxation under our present state system as between small corporations and large corporations, also the double taxation of corporations under the existing system.

5. Recommendations as to new sources of revenue.

This legislative committee shall be empowered to call upon all departments of the state government for co-operation and assistance, particularly the state board of equalization, the state board of control and the state controller.

The board of equalization is charged particularly with the duty of collecting data as to the ratio of assessed to true value under the ad valorem system in vogue in the counties, and such other data and information as the legislative committee may direct it to secure for the use of said committee in determining the burden of taxation as between general property and corporation property, and such other purposes as it may have in mind.

Members of the legislative committee shall receive no compensation for their services but shall receive actual and necessary traveling expenses.

The committee shall hold hearings in Sacramento, San Francisco, Los Angeles and such other places as it may deem necessary in order to fully carry out its investigations.

For the purposes of enabling the legislative committee to perform the task assigned to it by this resolution there is set aside from the contingent fund of the senate one thousand five hundred dollars, and from the contingent fund of the assembly one thousand five hundred dollars *provided*, that only so much of said funds shall be expended, as is necessary, in equal amounts from said funds.

SENATE JOINT RESOLUTION No 19

Relating to the exclusion of enemy aliens from business enterprises.

WHEREAS, Instances have occurred during the recent great world war where citizens of the United States of America, called to the colors, were thus compelled to discontinue the business in which they were theretofore engaged; while others, who were exempt from service to the country by reason of their being enemy aliens, were permitted to continue in business and enjoy the advantages thereof; and

WHEREAS, It is but fair that neither those of our citizens who went forth to render heroic service and sacrifice nor they who, if permitted to serve, would gladly have welcomed the country's call, should be at any disadvantage or suffer by reason of the existence in the field of business of competitors who were not obliged to yield equal service with our fellow countrymen when the ravages of war were upon us, now, therefore, be it

Resolved by the senate and assembly of the State of California, jointly, That our representatives in congress be and are hereby memorialized to use their best efforts to the end that a federal statute be enacted prohibiting enemy aliens from engaging in or conducting business of any kind whatever.

SENATE CONSTITUTIONAL AMENDMENT No 19

A resolution to propose to the people of the State of California an amendment to the constitution of the State of California by amending section twenty-two of article four, relating to the expenditure of public money in state aid.

The legislature of the State of California, at its forty-third regular session, commencing the sixth day of January, 1919, two-thirds of all the members elected to each of the two houses of said legislature voting in favor thereof, hereby proposes that section twenty-two of article four of the constitution of the State of California be amended to read as follows:

Sec. 22 No money shall be drawn from the treasury but in consequence of appropriation made by law, and upon warrants duly drawn thereon by the controller; and no money shall ever be appropriated or drawn from the state treasury for the purpose or benefit of any corporation, association, asylum, hospital, or any other institution not under the exclusive management and control of the state as a state institution, nor shall any grant or donation of property ever be made thereto by the state, *provided*, that notwithstanding anything contained in this or any other section of the constitution, the legislature shall have the power to grant aid to the institutions conducted for the support and maintenance of minor orphans, or half-orphans, or abandoned children, or children of a father who is incapacitated for gainful work by permanent physical disability or is suffering from tuberculosis in such a stage that he can not pursue a gainful occupation, or aged persons in indigent circumstances—such aid to be granted by a uniform rule, and proportioned to the number of inmates of such respective institutions; *provided, further*, that the state shall have at any time the right to inquire into the management of such institutions; *provided, further*, that whenever any county, or city and county, or city, or town, shall provide for the support of minor orphans, or half-orphans, or abandoned children, or children of a father who is incapacitated for gainful work by permanent physical disability or is suffering from tuberculosis in such a stage that he can not pursue a gainful occupation, or aged persons in indigent circumstances, such county, city and county, city, or town shall be entitled to receive the same pro rata appropriations as may be granted to such institutions under church, or other control. An accurate statement of the receipts and expenditures of public moneys shall be attached to and published with the laws at every regular session of the legislature, *provided, however*, that for the purpose of raising five million dollars, to be used in establishing, maintaining, and supporting in the city and county of San Francisco, State of California, an exposition in commemoration of the completion of the Panama canal, to be known as the Panama-Pacific international exposition, the state board of equalization shall, for the fiscal year beginning July 1, 1911, and for each fiscal year thereafter, to and including the fiscal year beginning July 1, 1914, fix, establish, and levy such an ad valorem rate of taxation, as when levied upon all the taxable property in the state, after making due allowance for delinquency, shall produce for each of such fiscal years a sum of one million two hundred fifty thousand dollars. The said taxes shall be levied, assessed, and collected upon every kind and character of property in the State of California not exempt from taxation under the law, and subject to taxation on the first day of July, 1910, and in the same manner, and by the same method, as other state taxes were levied, assessed, and collected under the law, as the same existed on the first day of July, 1910. The state board of equalization shall each year, at the time it determines the amount of revenue required for other state purposes, determine, fix, and include the rate of tax necessary to raise the revenue herein provided for.

There is hereby created in the state treasury a fund to be known as the Panama-Pacific international exposition fund, and all moneys collected pursuant to this provision, after deducting the proportionate share of the expense for the collection of the same, shall be paid into the state treasury, and credited to such fund. All moneys so paid into such fund are hereby appropriated, without reference to fiscal years, for the use, establishment, maintenance and support of said Panama-Pacific international exposition. No tax, license fee, or charge of any kind or character shall ever be levied or assessed or charged against any property of said Panama-Pacific international exposition, or against any property used as exhibit therein, while being used or exhibited in connection therewith.

There is hereby created a commission to be known as the Panama-Pacific international exposition commission of the State of California, which shall consist of the governor of said state and four other members to be appointed by the governor, by and with the advice and consent of the senate of said state. The governor shall have the power to fill all vacancies occurring at any time in said commission. The members of said commission shall receive no compensation and shall hold office until such exposition shall have been closed and its affairs settled. Said four members of said commission shall be selected from different sections of the state, and the appointment thereof shall be made by the governor of the state during the month of February, 1911. The commission hereby created shall have the exclusive charge and control of all moneys paid into the Panama-Pacific international exposition fund; and *provided, further*, that the legislature shall pass all laws necessary to carry out the provisions of

this act, including the times and the manner in which and the terms and conditions upon which moneys shall be drawn from the state treasury by said commission; where contracts and vouchers shall be filed; to whom and how often reports shall be made; what disposition shall be made of any sum left unexpended or received from the sale of any property or buildings purchased or constructed by said commission for the use of said exposition, or of any disposition of any building or improvement constructed by said commission out of said fund, and to provide for the transfer to the general fund of the State of California, of any portion of said Panama-Pacific international exposition fund unused.

The commission herein created is authorized and directed to make such proper contract with the Panama-Pacific International Exposition Company, a corporation organized under the laws of the State of California on the twenty-second day of March, 1910, as will entitle the State of California to share proportionately with the contributors to the said Panama-Pacific international exposition in the returns from the holding of said exposition at the city and county of San Francisco.
